**Versailles**

*matching drawer front available*

5-5/8" x 5-5/8"  
2-5/16" framing  
1/4" Veneered Panel

All plywood panel designs use a 1/4" veneered, composite core panel. All panels except White Birch use a plain sliced face or half round face and rotary back veneer. White Birch uses a rotary face and back. Minimums listed are based on panel raise shown and will vary by raise; see Offering and Availability for additional options. Framing width listed is determined by measuring across the back of the framing unless otherwise noted.

**Size listed under each door represents minimum size for door. Door must exceed minimum listed by at least 3" in either width or height. Panel raise selection has an impact on actual minimum, so minimums shown are guidelines only.**

# Offering & Availability

All our doors are available in a wide variety of specifications to satisfy your custom needs. The information below indicates any exceptions or limitations pertaining to the designs shown on the previous page(s). For a detailed listing of particular option specifications, refer to the download indicated. These sections can be downloaded by clicking the appropriate yellow links to the right of the door images in each door category.

<b>Woods</b>		LaSalle, Marquis, Saxony, Royal and Versailles available in 3/4" Cherry, Hard Maple, Soft Maple, Red Oak. Monaco available in 3/4" Cherry, Hard Maple, Soft Maple and White Birch. Monaco design ordered in Cherry will receive carved Beech applied bead moulding and Cherry corner blocks. Monaco design ordered in Hard Maple and Soft Maple will receive carved Hard Maple applied bead moulding and corner blocks. On designs where the specie of the moulding differs from the door, there may be a slight color variation after finish is applied.
