

Custom Drawer Boxes

- Conestoga's Drawer Box program offers multiple wood specie selections and custom options. Information about dovetail drawer boxes and related options are found on the following pages.
- Dovetail drawer boxes are fully assembled; Hard Maple, Soft Maple and Category 1 and 2 species can be ordered unfinished or finished; Natural Birch and Birch plywood drawer boxes are only available finished. See finishing information contained in this section.
- Natural Birch, Hard Maple, Soft Maple and Birch plywood drawer box options and accessories have a 6 day standard lead-time, and a 2 day code red expedite lead-time; add 2 days for finishing. All other published specie drawer box species, add 5 additional days.

5/8" Assembled Custom Dovetail Drawer Box Specifications

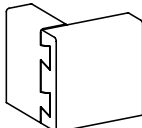

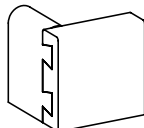

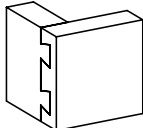

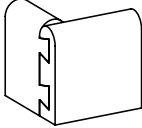

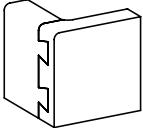

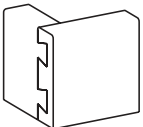

The following species are available for the 5/8" Custom Dovetail Drawer Box program:

- Hard Maple and Soft Maple boxes are constructed with Maple veneer (wood composite core) bottom.
- Natural Birch boxes are constructed with Natural Birch veneer face and sound back plywood bottom.
- All other published specie drawer boxes are constructed with a matching specie 1/4" plywood bottom except Bamboo which utilizes 1/4" White Oak.
- Two finishing options are available on custom drawer boxes. Standard finish on all program species is a durable, low emission UV topcoat. Hand sprayed, catalyzed conversion varnish is available at an additional upcharge on Hard and Soft Maple drawer boxes. Hand spray is standard on Category 1 and 2 species. Both finish options have a 15° sheen topcoat. See Additional Options and Pricing on page 10.2.
- Birch Plywood boxes are constructed with Birch plywood bottoms and .5mm banding on top edge. Dovetail joints are unsanded, unfinished and are not puttied. Only available finished and with undermount notch, Blum TANDEM clip and logo burn options.

Back Recessed Option

- Minimum drawer box width is 12"
- Must specify A, B and C dimensions

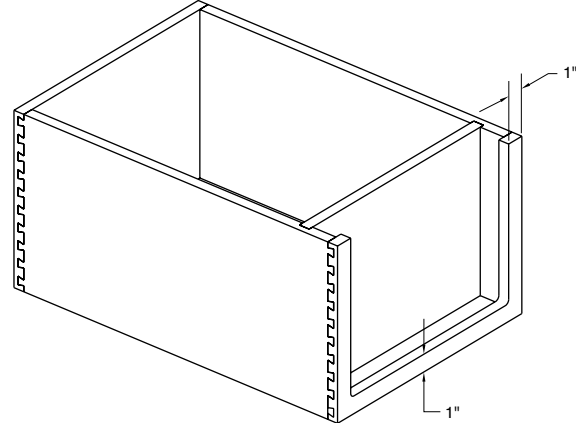

Dovetail Drawer Box Options (continued)

Roll Out Drawer Front Option

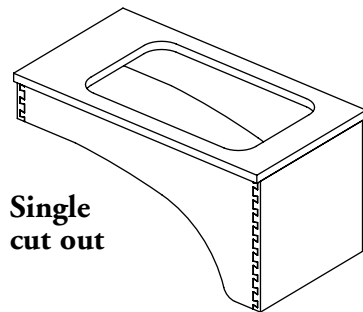

- Drawer box front is 1" wider than the overall ordered box width
- Minimum box width is 8"

Visible Storage Unit Routing

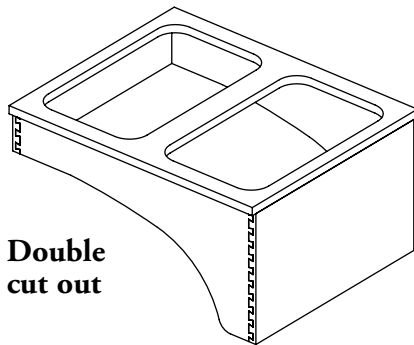

- Minimum box width is 12"
- Minimum box height is 7"
- Maximum box width is 24"
- Removable divider included. Located 1-1/2" behind front of drawer box.

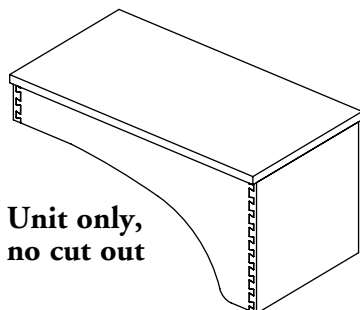

Trash Can Pull Out

Single cut out

Double cut out

Unit only, no cut out

- Available in Natural Birch and Hard Maple.
- 11/16" Hard Maple plywood top for Natural Birch and Hard Maple units.
- When ordering trash can pull outs, specify the drawer box width. The top will extend 3/8" past the sides of the drawer box.
- Designed to be used with side mount full extension slides - hardware not included.
- Unit with single cut out includes one Rubbermaid® 7-gallon, almond color waste can; double cut out includes two waste cans; no cut out option does not include a waste can.
- Front height is 10" to accommodate door mounting hardware. Rear height is 3".
- Depth: 21-3/4" fixed.
- Options and pricing (Natural Birch and Hard Maple).

Single cut out:

Minimum width: 11"

Maximum width: 21"

Double cut out:

Minimum width: 15"

Maximum width: 27"

Unit only, no cut out (solid top shipped loose):

Minimum width: 11"

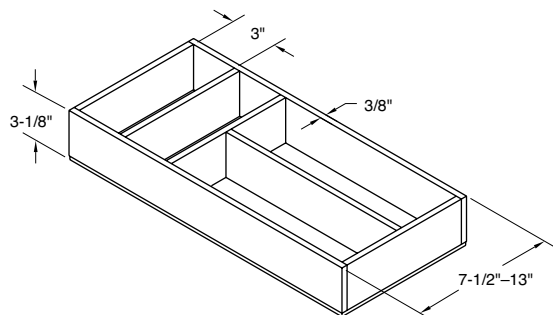

Maximum width: 27"

Waste can only: Part#2100102A

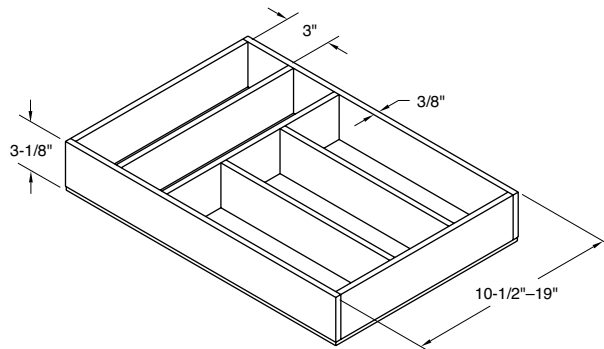

Cutlery Dividers

- Available in Natural Birch and Hard Maple.
- When ordering specify design A, B, C, D, E, F, G or H.
- Specify depth and width in 1/16" increments. Both dimensions are measured from outside edge to outside edge.
- Depth for all designs must be between 16" to 22". Refer to specific design for width range.
- When ordered with a drawer box, cutlery dividers are sized 1-5/16" less than the width and depth of the overall drawer box size.
- To order a custom size cutlery divider, specify the depth, width and design as a separate line item on the order form.
- Standard height is 3-1/8". Height modifications available; see following pages for options and pricing.
- Finishing option charge applies.

Design H

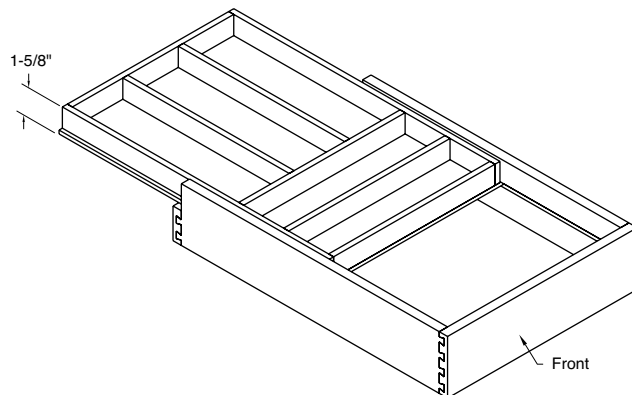

No Bottom Option

- No upcharge
 - ❖ All cutlery divider designs are constructed with a 1/4" bottom unless "NO BOTTOM" is specified.
 - ❖ Maximum height of cutlery dividers with no bottom is 2-7/8".

Reduced Height Option

- Upcharge applies
 - ❖ All divider designs can be reduced in height for specialty applications. Specify divider height when ordering.
 - ❖ Minimum divider height with bottom is 1-5/8".
 - ❖ Minimum divider height without bottom is 1-3/8".

Sliding Cutlery Divider

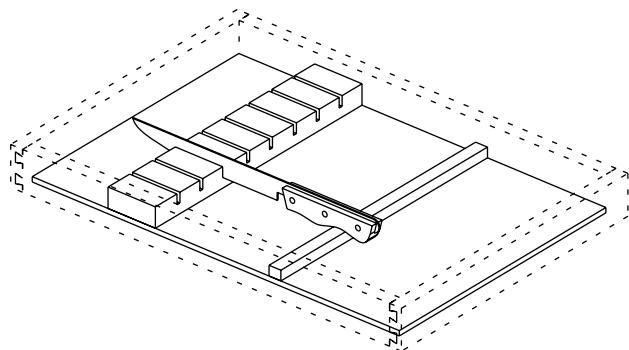

- ❖ Available with all divider configurations; specify design when ordering.
- ❖ Top divider is 1-3/8" high mounted on a 1/4" base.
- ❖ Recommended maximum drawer box width is 24" to ensure proper operation.

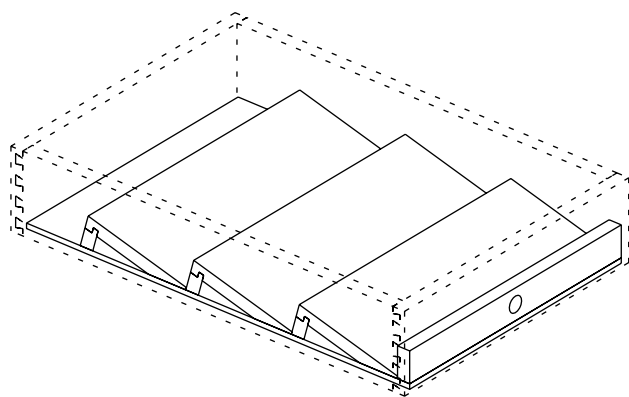

Custom Drawer Accessories (continued)

Knife Block Insert

- Can be sized to fit a specific drawer box or ordered separately. If ordering separately, specify width and depth.
- Knife block and handle rest are unfinished Hard Maple mounted on a prefinished 1/4" bottom.
- Spacing is 1-1/4" between slots.
- Minimum insert: 7-1/2" wide x 16" deep.
- Maximum insert: 21" wide x 22" deep.

Spice Tray Insert

- Can be sized to fit a specific drawer box or ordered separately. If ordering separately, specify width and depth.
- 3/4" diameter finger hole centered on lead rail for ease of removal from a drawer box.
- Spice rests are 5-1/4" wide, 1-1/2" high.
- Minimum insert: 7-1/2" wide x 17" deep.
- Maximum insert: 32" wide x 22" deep.

Custom Cutting Boards

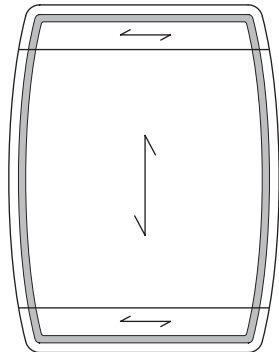

1-piece Slab

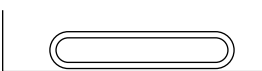

3-piece Slab

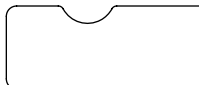

1-piece Barrel

3-piece Barrel

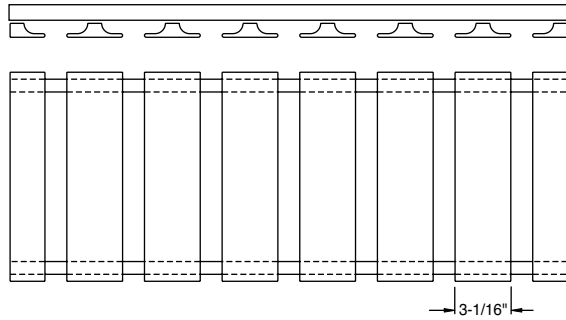

Hand Pull - 1/4" depth,
3-1/2" long

Drip Groove - 5/32" depth

- Cutting boards are available in all species.
- All cutting boards utilize category B square foot material charge.
- Cutting boards are 3/4" thick; one-piece slab designs also available in 1" thick.
- Minimum size for all styles is 10" x 10", maximum size is 18" x 22".
- All designs include 3/4" radius corners and 3/32" radius edges.
- Three-piece designs are made using 2-5/16" wide rails on face (horizontal grain) with pinless construction.
- All cutting boards have a routed drip groove into the face of the board to collect liquids.
- No oils or finishing treatments will be applied by Conestoga.
- Care instructions for wood cutting boards:
 - ❖ Treat wood with butcher block oil or mineral oil only.
 - ❖ To clean, wipe with a mixture of warm water and a mild dish detergent. Never submerge cutting boards in water or place in dishwasher.
- Hand pull option on back of cutting board is available.
- Due to repetitive exposure to liquids, cutting boards will not be warranted against bowing, warping, splitting or twisting.
